

We are proud to be certified organic and carbon neutral.

Grapes
Sangiovese 34%, Merlot 33%, Cabernet Sauvignon 33%

Area of production
Chianti Classico, Tuscany, Italy

Soil
Lime and clay with a considerable presence of gravel size stones

Yield
60 qt/ha

Vineyard technique
Vine age Plantings completed in spring 2000
Plant density 6,900-11,000 plants per hectare
Aging 12 months in bottle

Winemaking
Grapes are firstly selected during harvest in the vineyard and then on the sorting table when they arrive to the winery; they are destemmed and the whole berries are immediately put into stainless steel fermentation tanks and a portion into French oak fermenters.

Alcoholic fermentation The temperature is computer controlled in the tanks where the must is kept in contact with the skins for about 20-25 days where remontage occurs every 6-8 hours and one delestage is done per week.

Malolactic fermentation French oak fermenting tanks and in French oak barriques (20% new and 80% used one year)

Maturation On fine lees for 6 months in barriques and oak fermenters, 8 months in barriques (20% new)

Tasting notes
Spicy notes of oak rise above distinct aromas of cherry and berry. The palate has a backbone of Sangiovese, a roundness of Merlot and enhanced body from the Cabernet Sauvignon. The fruit purity and varietal signatures are testament to the meticulous care given to the vines. Note: Some sediment may occur in the bottom of the bottle as the wine is not filtered
